Season Cards

Season Card customers can make a request to reserve an outbound and inbound crossing for each day their ticket is valid. Where availability permits, these can be booked by request in bulk or booked by individual day on our website. These bookings on the selected crossings will be held on this crossing only until 5 minutes before departure. Hovertravel reserves the right to cancel these reservations at their discretion, if the card holder is frequently not using the booked time (e.g. bookings have not been travelled on for 50% or more of a 4 week period or 5 consecutive days). Hovertravel will attempt to contact the customer to change their preferred booking times in the first instance and remind them that they risk losing future bookings if they are not used. However, if the customer continues to not use their preferred times, the preferred times will be cancelled for the remaining life of the card. We ask that customers let us know if they are not intending to travel due to holidays, sickness etc. Failing to notify us might result in all of your bookings being cancelled in accordance with this clause and these cannot be reinstated until you renew the card. Although rights to preferred bookings may be lost under this clause, travel is still permitted under the card at other times and is subject to availability on all other crossings
